Re: Ranch Land Rock Pit #1 – File M-2002-096  
Request for Performance and Financial Warranties Release

Dear Ms. Ridley,

With the approval of Portland Limestone Quarries M-1977-344 AM-02 on March 14, 2024, the above referenced permit is included within the permit boundary of AM-02 as Red Creek Quarry.

Holcim electronically submitted a request for full release of entire permit area as M-2002-096 on April 02, 2024. This does not remove the subject mine from a permitted area but rather includes the subject mine in an amendment to Holcim's permit M-1977-344.

Please feel free to contact me directly with any questions.

Respectfully submitted,

A handwritten signature in blue ink that reads 'Michael B. Toelle'.
