Hello -

I want to see if CPW can review the responses from the applicant for the Bernhardt Sand & Gravel Pit. CPW provided comments last year, and my Division has recently received the responses.

The pertinent portions of the applicant's response are attached:

- Exhibit H for wildlife from the body of the permit application
- A report from Ecological Resource Consultants (ERC), which is an attachment to the wildlife exhibit, Exhibit H.

Please let me know if you can review these documents, and a time frame to get back to me. I am hoping that you can review this in April or early May of this year, but I understand that may not be possible. If your response will come later in May, that may be ok also.

Let me know if you have questions.

Thanks,
Rob

Rob Zuber, P.E.
Environmental Protection Specialist
