**RE: GCC Rio Grande, Inc., Pueblo Plant, Reclamation Permit No. M-2002-004, Technical Revision 13 (TR-13), Decision Date Extension Request**

Dear Ms. Carter:

GCC Rio Grande, Inc., Pueblo Plant (GCC) submitted a request for Technical Revision 13 (TR-13) to the GCC Permit on March 28, 2024. Pursuant to Rule 1.9.1, the Division of Reclamation, Mining and Safety (DRMS) "shall act on a Technical Revision (TR) application within thirty (30) days after the Technical Revision has been filed with the Office". In order to provide additional time for the DRMS to review and inspect aspects of the TR, GCC would like to request a 60-day extension, which will change the decision date to June 26, 2024.

If you have any questions or concerns, please contact me at (719) 647-6861.

Sincerely,

A handwritten signature in black ink that reads 'Amy Rodriguez'.
