Dear Roy and Sandy McLaughlin:

On April 24, 2024, the Division of Reclamation, Mining and Safety received your Surety Release Request application for the Brandstadt Rock Pit in Delta County. Preliminary review of the application determined that it is incomplete for the purposes of filing, as of April 26, 2024. The following additional information must be received before the Division can consider your application complete and technical review can begin.

You have 30 days from April 26, 2024 to submit all necessary documents that the Division needs for the application to be considered filed. If, at the end of the 30-day period, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.
