Re: Trapper Mining Inc., Permit No. C-1981-010

**Technical Revision TR-135: L-Pit (K Knob) Extension and East J-Pit Dragline cuts
Adequacy Response #2**

Dear Ms. Reilley:

Per our conversation on May 1st regarding the removal of CIRCES cost associated with C-Pit the following revised items are attached:

Pages 3-15 to 3-15d; removed further references to potential future development of C-Pit.

Maps: M4, M4A, M6 Sheet 1, M10A Sheet 1, M10B Sheet 1, M12 Sheet 1; Pit and HWM areas have been removed from these maps, regrade areas and associated information has been retained as the majority of the proposed stripping and reclamation area was stripped of topsoil in 2023. These areas will retain bonding costs as developed in PR-11.

Please get back to us with any questions, comments or concerns.

Sincerely,

Graham Roberts
Environmental Supervisor
Trapper Mining Inc.
