**Re: Extension Request Approval, Due Date for Financial Warranty Review,  
Sprague Stone, Permit No. M-2015-006**

Dear Mr. Sprague,

On May 16, 2024, the Division of Reclamation, Mining and Safety (Division/DRMS) received your request to extend the due date to respond to the Division's Financial Warranty Review Letter dated April 29, 2024 at the Sprague Stone site, Permit File No. M-2015-006. The Operator is requesting the extension to allow for additional time to submit a Technical Revision to revise the Mining and Reclamation Plans to reflect how they plan to mine and reclaim the permit. Additionally, the Reclamation Costs for the site will be updated to reflect updates to those plans. The Operator is requesting a 45 day extension to submit the Technical Revision. If the at the end of the 45 day time period the Operator has not submitted a Technical Revision the Division will issue a Surety Increase for \$267,063.00.

**The Division hereby approves the extension request to June 30, 2024.**
