RE: Byzantine Quarry (M-2007014) Corrective Action Follow Up for Weed Management

Ms. Ridley,

Holcim-WCR, Inc. (Holcim) has addressed the problem cited in the succession of operator inspection dated January 31, 2024. The due date for this corrective action had been extended to June 1, 2024.

Holcim has initiated the weed management plan as outlined in the approved reclamation plan for the quarry. On May 8, 2024 Holcim met onsite with Brittany Pierce of the Fremont County Weed Control Department. Brittany then treated the identified areas for diffuse knapweed on the same day. Holcim will continue to coordinate with the Fremont County Weed Control Department as necessary going forward. Enclosed are pictures of the Fremont County Weed Control Department onsite at the Byzantine Quarry on May 8, 2024. Holcim believes that we have satisfied the cited problem with this corrective action response.

If you have any questions please give me a call at 720-329-8851 or email me at kurt.thurmann@holcim.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kurt Thurmann', with a stylized 'K' and 'T'.
