**RE: Peat Mine, Permit No. M-1994-081, Completeness Decision Date Extension Request
Approval for Transfer of Mineral Permit and Succession of Operators, Revision SO-02**

Dear Mr. Mortensen,

On May 23, 2024 the Division of Reclamation, Mining and Safety received a letter requesting an extension to the Decision Due date for the Succession of Operators No. 2 Application (SO-2). The letter requested a 30 day extension to the due date. The extension would allow Mortensen's Landscaping and Irrigation additional time to obtain and submit the required items outlined in the Division's March 29, 2024 Notification of an Incomplete Application Letter. The original due date for the application was May 28, 2024. The Division has approved Mortensen's Landscaping and Irrigation's request. The new completeness decision date for the SO-2 Application is June 16, 2024. If you have any questions or concerns, please feel free to contact me.

Sincerely,

Clayton Wein
