**Re: Monarch DENM Mine - File No. M-2022-009;
Technical Revision (TR-1), Revision to Groundwater Monitoring and Mitigation**

Dear Mr. Leigh:

On May 24, 2024, the Division of Reclamation, Mining and Safety concluded its review of the Technical Revision application submitted to the Division on March 21, 2024, addressing the following:

This technical revision updates the Groundwater Monitoring and Mitigation Plan to include a baseline water quality analysis. It also includes groundwater monitoring data and results of a groundwater model.

The decision reached by the Division is: **approve**. All adequacy items were addressed by the applicant.

The terms of Technical Revision No. 1 approved by the Division are hereby incorporated into Permit No. M-2022-009. All other conditions and requirements of Permit No. M-2022-009 remain in full force and effect.

Bond Held:	\$4,303,166.27
