Good morning Mr. Bishop,

We are looking to put off the next blast, shot #6 on Wednesday may 29, 2024 between our permit hours for blasting pending weather and or mechanical issues. We are estimating that the blast will take place at approximately 12:00 pm. This will be a shot on Bench 5 at the middle part of that bench. We will contact you an hour prior to shot time so that you can prepare for the shot. Should anyone have any questions, please feel free to contact me.

Have a great weekend,
