COMMENTS

This was a partial inspection by Leigh Simmons of the Division of Reclamation, Mining and Safety (Division). The weather was clear and dry. The gate to the site was locked. There was no mining-related activity at the site, but the site was being used for the storage of equipment and materials for other industrial and commercial activities.

GENERAL MINE PLAN COMPLIANCE:

Oxbow had agreed a lease with a new tenant since the last inspection and some equipment had been moved to the upper pad. The tenant had also done some work to clean and rehabilitate the trailer.
