Park County Public Works has not crushed any material in the Ansley Pit since 2015, the Ansley Pit is mined out. Park County Public Works employees haul out the stock piles that are left over. These are the Tonnages by year that were hauled out.

2018- 1000 Tons

2019- 2500 Tons

2020- 1100 Tons

Once all the stock piles are hauled out Park County Public Works will move to reclamation operations on both the Ansley 1 and Ansley 2 pits.

For any other information please contact Ron Hyer 719 836-4271.

We haven't done any crushing in the Ansley pit since 2015, the pit is mined out. We just haul out the stock piles that were left over. These are tonnages by year that were hauled out.

2018- 1000 Tons

2019- 2500 Tons

2020- 1100 Tons

Once we haul all stock piles out we will move to reclamation operations on both pits. If you need any more information let me know.
