***RE: JD-7 Pit, Permit No. M-1979-094-HR, Technical Revision (TR5) Approval***

Mr. Bleak:

On May 22, 2024 the Division of Reclamation, Mining and Safety (Division) conditionally approved the Technical Revision request (TR5) that was submitted on April 29, 2024, addressing the following:

- 1. Revisions to the portal closure method*
- 2. Revisions to the ventilation shaft closure method*
- 3. Request to allow two shop structures to remain intact after reclamation*
- 4. Request to allow access road to remain after reclamation*

Condition for approval:

In order for the Division's approval to take effect, the Operator must also receive authorization from the associated land management agencies (DOE and BLM) for the Reclamation Plan changes proposed by this Technical Revision.

Once authorized by these land management agencies, the terms of TR5, as approved by the Division, will be incorporated into Permit No. M-1979-094-HR. All other conditions and requirements of the permit remain in full force and effect.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,
