Dear Mr. Daehling:

Natural Soda LLC's (NS's) request to drill and construct the 19H-IR-E well as an injection well under the NS Area Permit is hereby authorized by the Environmental Protection Agency Region 8. The addition of the proposed 19H-IR-E injection well is being made under the authority of 40 CFR §144.33(c) and terms of the NS Area Permit CO30358-00000 and subsequent modifications.

Please be aware that NS does not have authorization to begin injection operations until all conditions in the Area Permit and subsequent modifications, Part II, Section B. Requirements Prior to Commencing Injection have been fulfilled, and NS has received written authorization from the Director to begin injection.
