**Re: Miller Gravel Pit - File No. M-1982-112
Schmidt Construction Company
Technical Revision (TR-6)
Temporary storage of approximately 38,000 cy of imported fill dirt (mainly subsoil) on pit floor to be used for a housing development adjacent to the permit area.**

Dear Mark Heifner:

On July 26, 2024 the Division of Reclamation, Mining and Safety concluded its review of the Technical Revision application submitted to the Division on June 28, 2024, addressing the following:

Temporary storage of approximately 38,000 cy of imported fill dirt (mainly subsoil) on pit floor to be used for a housing development adjacent to the permit area.

The decision reached by the Division is: approve.

The terms of Technical Revision No. 6 approved by the Division are hereby incorporated into Permit No. M-1982-112. All other conditions and requirements of Permit No. M-1982-112 remain in full force and effect.
