Division of Reclamation, Mining and Safety

Peak View Pit, Permit No. M-2014-028

I acknowledge that we missed our deadline of July 29, 2024 to have our Corrective Action Plan complete. We currently are working on finishing up the mapping and putting together the reclamation plan. We are close to completion but are needing more time to complete. Therefore, I am requesting an extension until September 30, 2024 to submit an amendment package to include all the affected land and also the future affected land to the Division to stay in compliance with the corrective actions for violation number MV-2024-008.

Sincerely,

Dustin Hribar
