Good afternoon -

I am going to be very busy next week, and I want to make sure this does not fall through the cracks.

The decision due date for TR-01 for Sprague Stone is August 24, 2024. Even if you get your adequacy responses to me by tomorrow, we will still need an extension. Please respond to this email and request an extension and state a reasonable date for the new due date. Please give me approximately two weeks after you expect to send your responses to my adequacy letter dated August 7, 2024.

Thanks,
Rob
