PERMIT TO CONSTRUCT A NEW WELL

**ISSUANCE OF THIS PERMIT DOES NOT CONFER A WATER RIGHT
CONDITIONS OF APPROVAL**

- 1) This well shall be used in such a way as to cause no material injury to existing water rights. The issuance of this permit does not ensure that no injury will occur to another vested water right or preclude another owner of a vested water right from seeking relief in a civil court action.
- 2) Construction details for this existing well have not been provided to this office; therefore, it is not known if the construction of this well is in compliance with the Water Well Construction Rules, 2 CCR 402-2. The issuance of this permit does not relieve the well owner of responsibility or liability in the event contamination of the groundwater source results from the construction or use of this well, nor does the State Engineer assume any responsibility or liability should contamination occur.
- 3) Approved pursuant to CRS 37-92-602(3)(b)(II)(A) as the only well on a residential site of 5.10 acre(s) described as Belle Creole MS# 12704 Mining Claim, Clear Creek County.
- 4) The use of groundwater from this well is limited to ordinary household purposes inside one single-family dwelling. The groundwater shall not be used for irrigation or other purposes.
- 5) The pumping rate of this well shall not exceed 15 GPM.
- 6) The return flow from the use of this well must be through an individual wastewater disposal system of the non-evaporative type where the water is returned to the same stream system in which the well is located.
- 7) This well shall be located not more than 200 feet from the location specified on this permit.
