Hi Nate.

I'm one of the specialists handling the mine permits for Weld County. I noticed you filed the annual report and paid the fee for the Fiscus North site. I don't see a map with the submittal. Will you please email the map that is required to me? I attached the map that was submitted last year for reference.

Just for your information, here's the Rule that applies to the annual reports:

34-32.5-116. Duties of operators

(3) (a) Each year, on the anniversary date of the permit, an operator shall submit the annual fee specified in section 34-32.5-125, a report and map showing the extent of current disturbances to affected land, reclamation accomplished to date and during the preceding year, new disturbances that are anticipated to occur during the upcoming year, reclamation that will be performed during the coming year, the dates for the beginning of active operations, and the date active operations ceased for the year, if any.

Please reach out to me if you have any questions. You can send the map to me and I will upload it to the permit system.

Kind regards,

Nikie Gagnon
