**Notice of Intent to Conduct Mineral Prospecting**

Dear Mr. Jackson:

The Division of Reclamation, Mining and Safety received your Notice of Intent to Conduct Mineral Prospecting (NOI), and conducted a preliminary review of the materials submitted. The following must be addressed in order for your NOI to be considered filed:

Per Rule 5.1.2(i), as no application fee was provided with application submittal the application is deemed incomplete. For reference the required fee is \$108. In addition, per Rule 5.1.2(d)(vi) and 5.1.3(a), the Division requires proof of receipt from the BLM that they have received notice from the operator. The Division also requires adequate proof of right of entry, which in this case should be provided as either an approved Notice of Intent or Plan of Operation from the BLM.

Your NOI has been deemed incomplete as of September 18, 2024. Per Rule 5.3.1(c) all identified deficiencies must be addressed within 60 days of the date of the NOI being deemed incomplete. Please submit your responses to the above listed item(s) no later than November 17, 2024.

If you have any questions, please contact me by telephone at (720) 793-2988, or by email at Ben.hammar@state.co.us.

Sincerely,

Ben E. Hammar  
Environmental Protection Specialist
