

Public Notice

McClane Canyon Mining, LLC, P.O. Box 98, Loma, CO, 81524, has submitted a complete application for a technical revision (TR-17) to the Division of Reclamation, Mining and Safety for its McClane Canyon Mine, mining permit No. C-1980-004. The proposed revision incorporates the construction of a new sediment drying pile near the sediment pond.

The McClane Canyon Mine is located approximately 19 miles north of Loma, CO along State Highway 139. East Salt Creek is immediately west of the permit boundary. The permit area is encompassed within the following lands:

Township 7 South, Range 102 West, 6th P.M.

Section 3: Portions of lot 14

Section 15: All

Section 16: E/2

Section 21: E/2, E/2W/2, SW4NW/4, NW/4SW/4

Section 22: All

Section 27: N/2

Section 28: NW/4NE/4, NE/4NW/4

The location of these sections is contained within the U.S. Geological Survey 7.5 minute Howard Canyon and Garvey Canyon Quadrangle maps.

A copy of the technical revision application is available for public inspection at the Mesa County Clerk and Recorder's office, 544 Rood, Grand Junction, CO. A copy of the approved permit application document, as well as the technical revision application, are available at the Denver and Grand Junction offices of the Division of Reclamation, Mining and Safety [Room 215, 1313 Sherman St., Denver, CO 80203, (303) 866-3567; and 101 South 3rd, Suite 301, Grand Junction, CO 81501, (970) 242-5025]. Written comments regarding this application may be submitted to and additional information may be obtained from the Denver office of the Division of Reclamation, Mining and Safety. Phone inquiries should be directed to the Grand Junction office. Written comments must be received by the Division of Reclamation, Mining and Safety within 10 days after the date of this publication in order to be considered.
