RE: **Pete Lien & Sons, Inc.; Mining Permit No. M-1977-302, Annual Report – Supplemental Information.**

As part of the Annual Report process for the Owl Canyon Quarry, Permit No. M-1977-302, we used updated GIS data and shapes.

This review revealed that we had been over-reporting the number of acres currently affected because we included 7.7 acres that have been released.

That same number of released acres was also subtracted from the total acres seeded and topsoil replaced.

Therefore, those numbers have been adjusted within the 2023-2024 Annual Report.

If there are any questions regarding these changes, please feel free to contact me at (605) 939-2719 or by email at mgolliher@petelien.com.

Respectfully submitted,
