Re: Extension Approval, Due Date for Submitting Updated Survey Information for Monitoring Wells, Greeley 35th Ave. Pit, Permit No. M-1977-036

Dear Ms. Mikulas,

On September 23, 2024, the Division of Reclamation, Mining and Safety (Division/DRMS) received your request to extend the due date for providing updated survey information for monitoring wells at the Greeley 35th Ave Pit, Permit File No. M-1977-036. The Operator is requesting an extension to the decision date from September 19 to November 1, 2024. The request is for 43 days in addition to the 30 days originally provided. The Division will not approve a 43-day extension. **The Division will only approve an extension of the due date to October 19, 2024.**

Failure to supply the updated information may result in the Division beginning enforcement actions.

If you need additional information or have any questions, please contact me by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
