Good afternoon Daniel,

As you may have seen this afternoon via communication from myself, the DRMS deemed the Passiflora Drilling Project Notice of Intent application complete. We are now currently conducting a technical review of the application and a cost estimate determination to complete reclamation of the NOI site within the next 20 working days deadline.

If you have any questions or comments regarding the NOI application, please provide them within the next 20 working days.

Thanks,

Chris Girardi
