**RE: Nissen Farm Resource - File No. M-2003-001,
Amendment (AM-1) Incomplete Application Notice**

Dear Mr. Rodriguez:

On October 3, 2024, the Division of Reclamation, Mining and Safety received your 112c Construction Materials Reclamation Permit Amendment application for the Nissen Farm Resource, which is located in Weld County. Preliminary review of the information received determined that the following additional information must be received before the Division can consider your application complete and technical review can begin. Thus, your application is incomplete for the purposes of filing as of October 18, 2024.

1. Per the Mineral Rules and Regulations for Construction Materials 1.6.2 and 1.10.1(4), the applicant shall post notices at the location of the mine to clearly identify the site as the location of a proposed amendment to the mining permit. Please submit a signed affidavit that such notices (signs) were posted according to the provisions of the Rule.
2. Questions 1 and 2 on the first page of the application are blank. Please respond to the questions and resubmit the first page of the application.

You have sixty (60) days from October 18, 2024 to submit all necessary documents that the Division needs for the application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me by telephone at (720) 527-1640, or by email at nikie.gagnon@state.co.us.

Sincerely,

Nikie C. Gagnon
