Hi Brian,

I need to be able to file this request asap otherwise I'll have to deny it and you'll need to send the request back in.

Hey Bryan,

This parcel is also within the permit boundary. I have to notice all owners, not just the ones for the land we are releasing. Please send me a cover letter with their information as well.

It will let you upload a doc but I think it will name it as public notice which this isnt. Just send me a cover letter and I'll get it in the system.

Can you upload supplemental information? If so, do it that way. Otherwise send me a cover letter with their information and I can upload it on my side.

We need to work on some guidance for ePermitting as to what people are submitting with each revision type since the upload is the same for all revisions.

Hi Amy,

I went in to try and revise what I had submitted for this acre change and there is now not a spot to put the owners contact information in. Do I need to start a new form or is there another way to revise this?
