Good morning, Amber.

I apologize for the delay. Please see the Adequacy Review #1 Response, as well as the updated application page, narrative, soils information, updated maps, weed control plan and updated letter from CPW. This should address all of the adequacy items.

Also, as the decision date is October 29th, 2024, could we request a 15 day extension to allow for review of the documents submitted?

Thank you,

Thank you Jodi,

May I request the extension be until the 22nd instead of the 13th? I will be out from the 5-13th.
