RE: Lamar Park Grav Pit; File No. M-1987-078; Notice of Incomplete Request for Amendment of 110 Construction Materials Reclamation Permit Application Package (AM-1)

Mr. Mason:

On October 28, 2024, the Division of Reclamation, Mining and Safety (Division) received your Request for Amendment of 110 Construction Materials Reclamation Permit Application Package (AM-1) for the Lamar Park Grav Pit, assigned File No. M-1987-078. A preliminary review of the information received determined the following items must be received before the Division can consider the application as being submitted/filed and technical review can begin:

Application Form:

- 1) On page 1 - Primary commodities(s) to be mined, please fill this section out. According to the Division's records, the primary commodities are sand and gravel.
- 2) On page 5 – Responsibilities as a Permittee, the applicant/operator (Patrick Mason) needs to acknowledge and initial each of these responsibilities.
- 3) On page 7 - Certification, please fill in the Applicant/Operator portion to be City of Lamar. Additionally, in the last sentence that starts with "The foregoing instrument was acknowledged...", the portion that says "by _____ as _____ of _____" should have the Applicant/Operator representative's name (Patrick Mason), their position (Director of Public Works), and Applicant/Operator name (City of Lamar).

Exhibit D: Reclamation Plan (Rule 6.3.4):

- 4) Please provide an updated reclamation plan that meets all applicable requirements of Rule 6.3.4 and addresses the proposed post mining land use of industrial/commercial.

Your application will not be considered submitted/filed until all completeness items listed above have been received and found sufficient to begin our technical review. You have sixty (60) days from the date of this letter, by **January 3, 2024**, to submit all necessary information for the application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be filed with our Office, the application will be denied and the file terminated.

This letter shall not be construed to mean there are no other technical deficiencies in the application. The Division will perform an adequacy review of the application to determine whether it meets the requirements of the Act and Rules after the filing deficiencies are satisfied.
