RE: Colony Oil Shale Project, Permit No. M-1980-047, Technical Revision TR-18 Decision Due Date Extension Request Approval-1

Dear Mr. Seymour:

On November 5, 2024 the Division of Reclamation Mining and Safety (Division) received your request to extend the decision due date. Additional time is needed to respond to adequacy items. The Division is approving the extension request. The decision due date for TR-18 of M-1980-47 has been set for **March 8, 2025**.

Adequacy Review #1 was sent on October 22, 2024. Please provide adequacy responses by January 3, 2025. A second round of adequacy review is likely given the scope of this project.. If any adequacy issues remain by the decision due date the Division may deny your request.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

Amy Yeldell
