2024 Annual Groundwater Monitoring Data Acceptance**

Dear Mr Geras,

On August 1, 2024, the Division of Reclamation, Mining and Safety (Division/DRMS) received the annual groundwater monitoring data submitted by Varra Companies.

Per the approved Groundwater Monitoring Plan in Amendment 1 (2015) the Operator is required to submit monitoring well data for the seven piezometers at the site with the annual report. The Division reviewed and accepts the groundwater level data submitted for the period of August 2023-August 2024.
