**Re: Letter of Monitoring Compliance, 2024 Annual Groundwater Level Data,
Longmont Operation, Permit No. M-1994-027**

Dear Mr. Peart:

On November 11, 2024, the Division of Reclamation, Mining and Safety (Division/DRMS) received the 2024 Annual Groundwater Level Data for the Longmont Operation, permit no. M-1994-027. Upon review of the Operator's responses to the request for additional information the Division has no further comments on the data. In future submissions please include a well location map. Please note that monitoring data is to be submitted annually with annual report.

If you need additional information or have any questions, please contact me by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
