

Technical Revision for Permit #M2009048

Entry way off Hwy 141 old scale house location. Scale was removed July 2024 by white water building materials.

The landowner of the Parcel #2965-284-00-047 /1465 Highway 141 whitewater co, 81527.

Has requested that we reclaim the old scale house area with a dustless solution. Mag Chloride will be applied to mitigate the dust within the highlighted area.

Mag Chloride will be applied with surface spray method within the highlighted area in the attached aerial photograph and Map.

CW construction will not be utilizing fertilizer on the slopes for the Gunnison River Pit#5 Due to concerns of contamination of the water. CW construction would like to remove it from the original reclamation plan.

A hydro seed application will be used with a mulch overlay. Attached is the seed mix utilized in the application.
