**RE: Permit No. M-2011-054, Debeque Sand and Gravel Resource, Inspection Problem-Corrective  
Action Extension Request Approval**

Dear Mr. Burkey:

On September 24, 2024 the Colorado Division of Reclamation Mining and Safety (Division) inspected the above mentioned pit. Topsoil was cited as an inspection problem. Corrective actions required you to seed all topsoil stockpiles and provide documentation of such by the corrective action date. This information was originally due on December 31, 2024. On December 5, 2024 the Division received an extension request to allow the Operator more given the winter conditions. Your extension request is approved. Required corrective action documentation is due by **April 30, 2025**.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

**Amy Yeldell**  
Environmental Protection Specialist
