**Re: Incompleteness Notice, Release Request No. 2 (SL-2),  
Yocam Borrow Pit, Permit No. M-2018-020**

Mr. Bell:

On November 26, 2024, the Division of Reclamation, Mining and Safety (Division/DRMS) received the request for full and final release of the Yocam Borrow Pit, File No. M-2018-020. Preliminary review of the submitted materials determined the following item(s) must be received before the Division can consider the application as being submitted/filed.

1. A completed Request for Full or Partial Release of Permit Area/Surety Reduction form was not submitted. Please provide the completed missing form.
2. Currently, the Division does not have demonstration that the Operator has the legal right-to-enter the property pursuant to Rule 6.3.7. The Division will have to deny the release request if this problem is not abated by January 8, 2025.

**The response to this Incompleteness Notice is due on or before January 8, 2025.**
