Hello Mr. Rasmuson,

Attached to this email is a copy of the Division's Incompleteness Notice #2 for the Korwell Dirt, M2022034 Amendment Application (AM-1).

A hard copy will not be mailed unless requested.

Please let me know if you have any questions.

Thanks,  
Chris

**Re: Korwell Dirt, File No. M-2022-034, Receipt of Amendment No. 1 (AM-1)  
Application Package, Incompleteness Notice #2**

Dear Craig Rasmuson:

On November 6, 2024, the Division of Reclamation, Mining and Safety (“Division” or “Office”) received your request for Amendment of 112c Construction Materials Reclamation Permit Application Package (AM-1) for the Korwell Dirt, File No. M-2022-034. The Division sent a Notice of Incompleteness letter on November 21, 2024 and on December 12, 2024, the Division received a response submitted by Korwell Land Holdings, LLC. A review of the information received determined that the following information must be received before the Division can consider your application as being submitted and technical review can begin. Thus, your application is incomplete for the purposes of filing as of December 19, 2024.

**Application Form:**

1. On Page 8 under Certification, all this information needs to be updated and reflective of the amendment application, not the original permit application. This includes the signature and date signed by the Notary Public. Also, please affix a corporate seal or write “no seal”.

**Exhibit Q- Proof of Mailing Notices to Board of County Commissioners:**

2. The documentation submitted for Exhibit Q is not what is required. In accordance with Rule 6.4.17, please submit an Exhibit Q that includes proof the required notice was sent to the Weld County Board of Comissions notifying them of the amendment application. In accordance with Rule 1.6.2(1)(a)(ii), this notice must be on the form approved by the Mined Land Reclamation Board as provided in the 112c application materials. Please provide a copy of the notice sent and proof the notice was sent to the Board of County Commissioners for Weld County. This can be accomplished in the form of a return receipt of a certified mailing or a date-stamped copy of the notice acknowledging receipt by the appropriate local Board.

**Exhibit R: Proof of Filing with County Clerk and Recorder:**

3. In accordance with Rule 6.4.18, please submit an Exhibit R that includes an affidavit or receipt indicating the date on which the amendment application was placed with the local County Clerk and Recorder for public review, pursuant to Rule 1.6.2(1)(c). The Applicant included a date-stamped copy of the amendment application page 1 with incorrect permit acreage information. To comply with Rule 6.4.18, please submit an affidavit or receipt indicating the date on which the amendment application was placed with the Weld County Clerk and Recorder.

You have until **January 20, 2025**, to submit all necessary documents that the Division needs for the application to be considered filed. If, by the above date, the application has not been determined to be complete and filed, the Division may deny the application and terminate the application file.

This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me by telephone at (720) 793-3041, or by email at [chris.girardi@state.co.us](mailto:chris.girardi@state.co.us).

Sincerely,

Chris M. Girardi  
Environmental Protection Specialist
