RE: Adequacy Review No. 3; Reclamation Cost Estimate; Lyons Quarry, Permit No. M-1977-208

Robin Simons,

On December 5, 2024, the Division of Reclamation, Mining and Safety (Division/DRMS) received your response to the Division's Financial Warranty Cost Estimate letter dated November 21, 2024. The Division has reviewed the responses has additional adequacy items that need to be addressed or further clarified before the Division can revise its Reclamation Cost Estimate for the site. Please respond to the following adequacy items with a letter summarizing each response, to the numbered items below, in a cover letter titled "Adequacy Review No. 3 Response Reclamation Cost Estimate, Lyons Quarry M-1977-208".

1. Please provide a demonstration of the Clinker Storage Building's physical dimensions. The demonstration can be in the form of as-built construction drawings or similar that clearly document the buildings dimensions.
2. The Division will continue to evaluate the demolition method for the Clinker Storage Building based on the response to item #1 above and the method used on other buildings at the site.
3. The Division is continuing to review items #2 and #3 of your December 5th letter.

This concludes the Division's Adequacy Review No. 3 of your submittal. The Division reserves the right to further supplement this document with additional adequacy items and/or details as necessary.

Please respond to this letter by **January 19, 2025**.

If you need additional information or have any questions, please contact me by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
