Dear Mr. Girardi,

Due to the change in Viscount Colorado Holdings initial plan to drill 5 holes in the Passiflora Project under the NOI 2024-011 to only drill 1 hole, Viscount's management is asking for a filing deadline extension. The current deadline is December 27, 2024, but they would like to extend the deadline for filing to January 20, 2025. Please let me know if this is feasible for the Division.

Sincerely yours,

Harald Hoegberg
