To: Hunter Ridley - DNR <hunter.ridley@state.co.us>, Peter Freedman <peter@aupt-industries.com>

Hunter,

I received your notice that AuPt Industries has applied to convert their 110 permit into a 112. As you likely know, this operation is on State Trust Lands. The State Land Board supports this application. We look forward to working with AuPt to develop the mineral sands on this property. Please don't hesitate to reach out to me if there is anything I can do to help.

Best,

--

Benjamin Teschner
Solid Minerals Manager
