Hello, All -

Here is my report from my inspection last month. I understand that we did not work out all of the issues, but I wanted to get this out since it has been over four weeks since Jesse and I met at the site.

We can work out remaining issues through your responses to my cited problems. That said, I am also willing to discuss this more via email and telephone.

I am mostly busy today, but I will be working Monday through Wednesday next week. Also, the deadline for the submittal of a TR is the end of January, so we have some time for any necessary discussions.

Regards,
Rob

Good morning, Tyra.

Something came to my attention that I want to pass on to you.

If you guys submit an AR application to remove those extra parcels from your Tri-County permit area, you will need to follow the AR application with a TR application to update the maps (and any relevant text in your exhibits). Sorry for the extra step, but that is the way our system is set up.

Thanks,
Rob

Thank you for the heads up, Rob! We will make sure we submit a TR alongside the AR application if we submit this reduction request.

Thanks!

You are welcome, Tyra.

To be clear, it is best to wait until the AR is finalized before submitting the TR.

Thanks!

Rob

Rob,

I hope you and your family had a wonderful Christmas and New Years! We would like to request an extension for the signage at the Tri-County Pit to February 15. With the holidays and employees off with their families, plus we are

ordering additional signs, we will need more time to install these.

Thank you!
