**Re: Letter of Monitoring Compliance for Groundwater Levels, 4th Quarter 2024;
Home Office Mine, Permit No. M-1977-439**

Dear Ms. Mikulas:

On January 14, 2025, the Division of Reclamation, Mining and Safety (Division) received the 4th Quarter 2024 Groundwater Level Monitoring Report Home Office Mine, Permit No. M-1977-439. This submittal follows from a monitoring commitment from AM-04.

The data indicate that none of the water levels for the 4th quarter of 2024 are within four feet of the ground surface; the water levels are all deeper than that. Upon review of the submittal, the Division has no additional comments.
