Mr. Girardi,

At this time I would like to formally request an extension on the deadline of January 30, 2025, for our Technical Revision Submittal and Inspection Issues including Weed Control Plan for permit M-1994081. We believe we can have everything in order soon. We would request the extension to be moved to March 3, 2025. We believe this would be enough time to successfully get all documentation, photos and implementations in place.

Thank you,

Brandon Garrison
