Good morning,

Attached to this email is an official objection received regarding the Farmers Sand 112c application. The Division received this objection on 1/26/2025.

The final decision regarding the application will now be presented in a hearing in front of the Colorado Mined Land Reclamation Board (MLRB). The Division (myself and Jared) will issue our recommendation to the Board (approve or deny), however the final decision will be made by the Board.

Also, can you confirm if the new Public Notice was placed in the Greeley Tribune on Saturday the 25th? Given the close proximity to the end of public comment period and current decision date (3/16/2025) and March MLRB hearing, I highly recommend FRICO submit an extension of the decision date so the MLRB hearing can be kicked to April.

Thanks,

Chris Girardi
