Hello, All -

Please see the attached adequacy letter and note that the current decision date is next Friday (aka, Valentines Day).

There may be some good news: if my math related to Issue #9 is correct, we may be able to reduce the cost for at least one task (backfilling). However, Issue #8 may counter this reduction. We shall see as we work out the details.

Thanks,
Rob

Please send a request to extend the decision date for TR6. The date should be two weeks after you send your responses to my adequacy letter from this week.

Thank you..
