Check if this is a  
new name, address, etc.

Permittee (Company Name): Twentymile Coal, LLC

Facility Name: Foidel Creek Mine

Mailing Address: 29515 RCR 27 Oak Creek, CO 80467

Facility Phone Number: (970) 870-2718

Permit Certification No. COR-04 0126

Reporting Period: Jan. 1-Dec. 31, 20 24 (Form is due by Feb. 15 of the following

year) **\*\*Each section must be completed. Please print or type.\*\***

- A.** *A report on the facility's overall compliance with the SWMP.* (Include here a summary of any measures taken to comply with your Stormwater Management Plan (SWMP), to fully implement it, changes or improvements made in any of your Best Management Practices (BMPs), employee training, spills, other problems encountered, etc. How is your plan working?)

**During the period of January 1, 2024 to December 31, 2024, the Foidel Creek Mine facility was in compliance with the terms and conditions of all associated CDPS permits which includes CO0027154, CO0036684, CO0042161, COG850054, and COG850051, along with the terms and conditions outlined in the Facility's Stormwater Management Plan (SWMP). The BMPs, inspections, maintenance activities, and training requirements specified by the SWMP was adhered by during 2024. During 2024 no changes were made to the BMPs, no issues were noted, no major spills occurred, and no violations were issued.**

Were changes made to your SWMP? ☒ No ☐ Yes - Describe changes on a separate sheet.

- B.** *A summary of each comprehensive stormwater facility inspection made, including date, findings, and action taken.* (The permit requires at least **two** comprehensive facility inspections per year - see page 12 of the permit. Include here a **summary** of those inspections, plus any other comprehensive inspections made. It is not necessary to summarize day-to-day inspections, unless significant problems were noted.)

First Inspection - Date 6/5/2024. Findings, and action taken:

**The first comprehensive stormwater inspection for 2024 took place in June following an above average snowpack. Drainages, diversion ditches, silt fences, berms, vegetation filters, rock check dams, and all other erosion control structures were inspected for correct functionality. All material storage yards, fueling stations, chemical storage areas, and waste storage areas were examined for compliance. Spring maintenance items consisted of material yard cleanups, minor ditch repairs, culvert cleanouts, and misc ditch cleaning from snow plowing operations. Pond B, Pond D, and Pond F had been dredged of sediment as routine maintenance.**

# STORMWATER ANNUAL REPORT - METAL MINING (& COAL)

Permit Cert. No. COR-04 0126

Second Inspection - Date 9/4/2024. Findings, and action taken:

**During the second major inspection event for 2024 conditions were dry throughout the site. The site was mostly dry throughout the summer with occasional isolated thunderstorms. All drainage structures were inspected, and a few minor maintenance items were addressed. All storage areas were inspected and found to be in compliance. Several rain events last week with no issues with drainage were observed. All areas where recent construction occurred were observed to have appropriate erosion controls in place. Bare ground areas were inspected and found to be stable.**

Other Inspections - Date   /  /   Findings, and action taken:

- C. *Results and interpretation of any stormwater monitoring performed. Attach a separate sheet with the lab results. (Monitoring is **not** a requirement under the permit, unless you were specifically directed to do so by the Division. However, the results of any stormwater monitoring that you performed on your own should be reported here.)*

Monitoring Results Attached?    ☒ No       ☐ Yes

## D. Certification

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
