Hey Amy,

This is Philip with Mid-States Materials. I'm reaching out about the signage needed at the Ordway Pit.

I sent this email first to Ursula, but it seems that she's out of office until Friday.

I was wondering if we could get an extension on the date the signage needs to be updated from the 21st to next Monday, the 24th. I was going to head that way this week, but there are currently winter storms across essentially my entire route from Northeast Kansas to Eastern Colorado.

Since I'm already sending this, I've attached an image of the signs I will be putting up just to double check they're acceptable. The dimensions are 12"x18".

Thanks,

**Philip Porter**

Hey Philip,

That's no problem. We can extend that corrective action deadline to Monday, 2/24, if you think you can make it to the site by then. If you want to give yourself some buffer, we can just extend the deadline to the end of that week, to 2/28. Does that work for you?

The signs you sent photos of do meet our requirements.

Thanks for working to get this issue addressed.
