**Rifle Gravel Pit #1, Permit No. M-2021-052, Inspection Problem Resolved**

Dear Mr. Carpenter:

On September 9<sup>th</sup>, 2024 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Right of Entry was cited as a problem as WW Clyde had sold the property. Corrective actions required you to submit a Succession of Operators Application Packet by the corrective action date.

On November 19<sup>th</sup>, 2024, the Division received a Succession of Operators packet via email. This satisfies the corrective action, and it is considered resolved.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

**Todd Jesse**  
Environmental Protection Specialist  
Division of Reclamation, Mining, and Safety

EC: Travis Marshall, Senior EPS, Grand Junction Field Office
