RE: Request for extension of deadline to submit Technical Revision (TR-9)

Dear Ms. Yeldell and Mr. Means,

RMR Aggregates, Inc. (RMRA) received and reviewed the technical revision decision letter, dated February 7, 2025, from the CODRMS. RMRA understands the Division would like RMRA to submit an additional Technical Revision (TR-9) pertaining to the quarry's reclamation plan. RMRA is continuing to work with its engineering consultants to refine the reclamation plan changes for the Mid-Continent Quarry. RMRA would like to request a 30-day extension of the submission deadline for TR-9 to April 10, 2025.

Thank you for your consideration of our request.

Sincerely,

Robert T. Wagner
