Hello Nikie,

Please consider my letter as comments for consideration. I'd be happy to discuss further if needed.

Thank you,
Michael Bachofer

Hello Michael.
I'm writing to let you know that the Division received your comment letter on the amendment application for the Fort Lupton Sand and Gravel mine. The Division appreciates your comments and plans to address the issues you raised in our official adequacy letter to the applicant.

Your letter states that you intentionally wrote the comments as questions, to spur thought and a thorough review. Would you like the Division to consider your letter an official objection to the amendment application? If you are objecting, the application will be presented during a hearing before the Mined Reclamation Board and you will have an opportunity to appear and state your case during the hearing. Please respond to this email and let me know if you would like us to consider your letter a comment for our consideration, or an official objection.

If you would like to discuss anything with me while I review the application, please feel free to contact me at the cell phone number or email address listed below.

Kind regards,

Nikie Gagnon
