

## Environmental Planning Comments

**TO:** Robert Zuber, Environmental Protection Specialist, DRMS

**FROM:** Scott Benton, Environmental Planner

**DATE:** March 25, 2025

**RE:** Timnath Pit File No. M-1989-056 Acreage Release Request

1. The proposed area to be released from the mining permit does not appear to have been mined in the past, is not within the floodplain, and does not appear to be obligated for mitigation requirements. As such, Larimer County does not have any comments on the proposed release.
