Re: Cresson Project - File No. M-1980-244
Cripple Creek & Victor Gold Mining Company Technical Revision (TR-147)
Pumpback System Designs

Dear Bjorn Meyer,

On March 28, 2025, the Division of Reclamation, Mining and Safety concluded its review of the Technical Revision application submitted to the Division on February 25, 2025, addressing the following:

Grassy Valley Pumpback System to Mitigate ECOSA Seepage

The decision reached by the Division is: **approve**.

The terms of Technical Revision No. 147 approved by the Division are hereby incorporated into Permit No. M-1980-244. All other conditions and requirements of Permit No. M-1980-244 remain in full force and effect.

Please note that TR-147 was submitted as the short-term corrective action as specified in the Stipulated Agreement for MV-2024-027. CC&V has already submitted the interim financial warranty to construct the system and to operate it for 50 years.

If you need additional information or have any questions, please contact me by telephone at **720-665-0836**, or by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
